

Digital Incentives

- Upon completing a study will receive a confirmation email from Honorarium@BrylesResearch.com
 - Emails are typically sent within 24 hours of completing a study (please allow up to 3 days if participating in a Home-Use Test)
 - Can't find the email? Check your junk folder (and/or "Promotions", "Social" if you have a Gmail account) *Note: Hotmail accounts tend to block messages. It may be best to update your contact information with us if you have an alternative email address.*
- The confirmation email will have a "token" (aka code number) listed; you will need your "token" number from the email in order to log-in
 - Save this email in case you need to reference it later!
 - Website is: <https://www.prepaiddigitalsolutions.com/>
 - The code DOES expire, so it is best to do this step as soon as possible.
- Using the token from the email, you can choose to receive a physical card, which is mailed in 7-10 days, or a virtual card, which you can use immediately for online purchases.
 - A virtual card means you will be given the 16-digit card number, expiration date, and CVV code online (which can used to make online purchases.)
 - If you need to track your physical card, contact the card issuing company:1-877-325-8444
- **Tips:**
 - ALL cards, whether digital or physical, have an expiration date! We cannot help you recover lost funds!
 - TIP: You can use the virtual Visa card to purchase gift cards at your favorite store. This can help to ensure you use the entire balance of the card!
 - Virtual and physical cards can be added to your Google or Apple wallet.
 - Interactive Demo on this redemption process: <https://tinyurl.com/SwiftDemo>

Example of Email you will Receive:

If you have any issues with your card, you may contact 1-877-325-8444
